APPENDIX 1 – CHECKLIST FOR SCHOOL STUDENT DRESS CODE AND UNIFORM .................................................................7
1. Purpose

The purpose of a School Student Dress Code and Uniform Policy (the Policy) is to promote social equity in terms of clothing, assisting school staff in easily identifying students and enhancing the sense of pride within a school. The Policy is in accordance with Secretary’s Instruction No 6 for State School Student Dress Code and developed in consultation with the School Association and students.

The objectives of this Policy are to:

• Promote a shared sense of school identity and ensure all students are dressed safely and appropriately for school activities
• Strengthen the profile and identity of the school and its students within the broader community
• Assist school staff to easily identify students on school excursions and on the school campus
• Encourage students to take pride in their appearance
• Prepare learners for the expectations of the workplace
• Identify the process for establishing a dress code, or uniform and who is required to wear one
• Identify the process for granting exemptions to a dress code or uniform.

2. Policy Statement

2.1 Key Information

• State schools for students from Prep to Year 10 inclusive must have a school uniform. It is a requirement that these students wear the uniform their school endorses.

• To ensure that the requirements of Education Act 2016 and the Secretary’s Instruction are met, the school must:
  » Allow exemptions and/or criteria to evaluate applications for exemption from compliance with the Policy, where individual circumstances make it difficult to adhere to the Policy and would outweigh the benefits of compliance.
  » Provide students with unisex options in addition to any male and female specific items.
  » Endorse a uniform that is cost effective. (Schools should consider providing uniform banks to support families experiencing hardship to meet uniform requirements.)

• A principal with students enrolled outside of Prep to Year 10 can choose to require all students to wear the uniform. This must be established through a dress code, and must include consultation with the School Association and students.

• Consultation with the School Association can be done by requesting the School Association Committee to include dress code/uniform as an agenda item at a Committee meeting. The school can promote that consultation is underway and invite parents to provide feedback through the Committee.

• A dress code may stipulate requirements around personal appearance and grooming.

• When introducing a new dress code or uniform, a transition period of 12 months is recommended to allow time for the Policy to be understood and adhered to.

2.2 Requirements

• Where a school has an existing dress code or uniform, schools must use the Appendix 1 Checklist for School Student Dress Code and Uniform to ensure the existing policy complies with the Education Act 2016 and the Secretary’s Instruction No 6 for State School Student Dress Code.
• The Policy applies during school activities (including out of hours or off-site activities), on school campus and while travelling to or from school (while wearing school uniform), unless an exemption has been granted.

2.3 Roles and Responsibilities

• Have a uniform for students from Prep to Year 10 inclusive;
