PROGRESSION GUIDE – ASbA QUALIFICATION

Working Together

The Tasmanian Department of Education is committed to working with Tasmanian businesses to promote and support Australian School-based Apprenticeships (ASbA), which support the engagement, retention, transition and skills development of young people. We understand the contribution this pathway can make towards growing Tasmania's skills base and increasing the capacity for Tasmanian businesses to meet ever changing skills demands.

The objective for the Department's ASbA team is to assist businesses to develop and implement workforce development models that enhance the engagement, employment and training opportunities for young people while they are still completing school. We recognise that Australian School-based Apprenticeships and Traineeships provide a valuable contribution to workforce development planning and are a "Smart Way to Learn and Earn" for our students.

A number of Tasmanian school and college students are ready for the opportunity to get a head start in their career. ASbAs provide a meaningful employment and education pathway for these students. It is a way to support students who are enthusiastic and work-ready with an opportunity to combine work and school – completing their education at the same time as undertaking a nationally recognised qualification whilst in paid employment.

ASbAs are a key Workforce Development Strategy – planning today for Tasmania's future workforce. Let us work with you to take the first step in attracting, developing and retaining your highly skilled future workforce.

Combining learning with "on-the-job" training makes for a well-rounded skill set.

Tourism

Certificate II in Tourism is an entry level qualification which introduces students to the dynamic tourism industry. This qualification can provide a career pathway in many tourism sectors such as: tour operations, visitor information centres, attractions and parks, cultural and heritage sites, and small tourism businesses. This certificate is suited to students who have a genuine interest in the history of places around Tasmania and Australia, love meeting people, and enjoy sharing new experiences with others.

Progression

Progressing to Certificate III in Tourism enables students to gain skills in areas including: guiding, events and festival planning, outdoor/natural adventures, heritage and culture, and visitor servicing. The training provides skills in areas such as: tour and travel planning, office-based roles, tourism sales and operations, and customer/visitor relations. Combining learning with on-the-job training will provide relevant and current skills for Tasmania's fastest growing industry.
