YOU

And there you are, abandoned,
Broken, shattering into pieces
Can't bury your feelings anymore.
Don't hide from the truth that the strongest people are the ones who cry.
Even your
Fake smiles can measure your aching wounds.
God,
How can you manage to survive all this?
In the despair of hope, there is always tomorrow
Just let me know, and I'll let you borrow.
Kindness is their beginning to cruelty.
Let the world know when it's too much when your
Mind replays what your heart can't delete.
Never forgets,
Only people who are not satisfied with themselves are cruel to you.
People will stab you in the back and then ask why you're bleeding
Quiet is the best answer to someone who doesn't value your words.
Remember,
Stop wasting your time repeating, "you're not good enough."
That feeling you don't fit in this world is it has never been your destiny to fit in,
U were born to stand out.
Vermin they are,
Why live in the prison people live in, fearing what others think? Write your book with
Xanthic colours
You can't go back to the beginning, but you can continue where you are and change the ending.
Zeal for the new chapters!
