

2020 March Moderation - Report

Meeting Details

Meeting took place in:

South

Which meeting is this report for?

Technologies - Automotive and Mechanical Technologies Level 2

Moderation Details for Calibration - Sample 1

Sample 1 - Please identify each criterion being moderated and IF SELECTED the elements within that criterion

Criterion 7 = Overall, Element 1, Element 2, Element 3, Element 4, Element 5, Element 6

Sample 1 - What rating (or ratings) has the group assigned this sample?

A

Sample 1 - What evidence supports the rating (or ratings) the group has given?

Depth of the report, used technical information. Recording of findings. Sourced technical specifications

Sample 1 - What evidence would you need to see in order to assign a higher rating (or ratings)?

As this is an A student any improvements would be minor in nature.

Sample 1 - Summary of group consensus with comments to element level if applicable.

Depth of information and the presentation were very good as was the sourcing and referring to technical information

Sample 1 - What actions would you recommend for teachers to help the student attain a higher rating (or ratings)?

Nil

Moderation Details for Calibration - Sample 2

Sample 2 - Please identify each criterion being moderated and IF SELECTED the elements within that criterion

Criterion 7 = Overall, Element 1, Element 2, Element 3, Element 4, Element 5, Element 6

Sample 2 - What rating (or ratings) has the group assigned this sample?

A

Sample 2 - What evidence supports the rating (or ratings) the group has given?

Well presented report in depth. Used technical information to find the engine specifications.

Sample 2 - What evidence would you need to see in order to assign a higher rating (or ratings)?

Needs a bit more detail generally ,however, was of a high standard.

Sample 2 - Summary of group consensus with comments to element level if applicable.

Good report

Sample 2 - What actions would you recommend for teachers to help the student attain a higher rating (or ratings)?

Nil

Moderation Details for Calibration - Sample 3

Sample 3 - Please identify each criterion being moderated and IF SELECTED the elements within that criterion

Criterion 7 = Overall, Element 1, Element 2, Element 3, Element 4, Element 5, Element 6

Sample 3 - What rating (or ratings) has the

C

group assigned this sample?

Sample 3 - What evidence supports the rating (or ratings) the group has given?

Elements have been completed to the C standard. ie work carried out as directed, little extra student input demonstrated. However, this is still a good effort with this assignment.

Sample 3 - What evidence would you need to see in order to assign a higher rating (or ratings)?

Would like to see a chart comparing the student's engine measurement of bore etc to the workshop manual specifications.

More indepth break down of what the student did. ie more referencing to the engine parts.

Sample 3 - Summary of group consensus with comments to element level if applicable.

Nil

Sample 3 - What actions would you recommend for teachers to help the student attain a higher rating (or ratings)?

Nil

Planning for September Moderation 2020 - Statewide Samples

For all courses please nominate the criteria and elements (if desired) for moderation.

Criteria 4 Test,repair and optimise automotive and mechanical systems using an engineering process

State the name of the person who will be providing the samples for September moderation.

Mitchell Samin
