

ART STUDIO PRACTICE Level 3

Common Assessment Task

Work Requirement:

Manage a studio exhibition

Assessment Type:

Short response

Criteria being assessed:

- Criterion 1 - element 3

Suggested conditions:

- This task should take learners 2-2.5 hours.
- This task requires an individual response by each learner.

Task Description:

You will refine your exhibition proposal several times over the course, often because of teacher feedback, suggestions, and discussions or because of research that you will undertake or because of trial and error or experimentation.

The proposal draft needs to highlight at least two refinements in a short paragraph (300 word maximum) on why you made them.

What you need to do:

You are going to document how you refined your proposal for your end of year exhibition and analyse any changes you make. You are going to:

- document at least two refinements
- write a short reflective paragraph on why you made those refinements.

As a reminder, you will develop a research proposal for studio practice in negotiation with their facilitator. The proposal will culminate in an exhibition.

As the proposal provides the context for studio practice and because the initial proposal will undergo a process of refinement, learners will give high priority to the development of their initial proposal.

The proposal is a focus statement of intention. The learner will make and record in the proposal crucial decisions about the exhibition layout and design.

The proposal outlines the key elements of the intended exhibition plan including the:

- conceptual idea underpinning the exhibition
- context of the body of work to be exhibited
- selection of materials and media
- selection and application of artistic techniques
- scale of the exhibition
- design elements of the exhibition space (e.g. lighting, hanging arrangement of works).

As such the proposal models the form and scope of a proposal for exhibition that might be presented to a gallery director.

Teacher use only - What needs to be submitted for assessment?

Learners digitally submit their current proposal draft highlighting at least two refinements and write a short (300 word maximum) paragraph on why they made them.
