

DANCE Level 2

Common Assessment Task

Work Requirements:

Maintain dance journal

Assessment Type:

Short response

Criteria being assessed:

Criterion 6 - elements 1 and 2

Suggested conditions:

- This task should take learners 2 -2.5 hours.
- Access to studio for a one hour dance class.
- Access to the internet to write (250 word maximum) or record journal entry (one minute maximum).
- This task requires an individual response by each learner.

Task Description:

This task has two parts.

Part 1 – Participation in dance class

Part 2 – Journal entry

Write a reflective journal entry (250 words maximum) or record (one minute maximum) on your experience of the dance class.

What you need to do:

Your journal entry may focus on answering one of the following kinds of questions:

- What was the purpose of the class? What was the focus? For example, was it a focus on technique, the elements of dance, partner work, ensemble, the choreographic process, or something else?
- What did you learn? Were any dance terms used in the class? What were they and what do they mean?
- What were the challenges? Are there aspects of dance that you find easy? What is perhaps something you learn in dance class that you do not learn in any other class?
- What did you learn about yourself in the class? Are you a persistent learner who tries hard to learn new things or do you find it difficult?
- What did you notice about others in the class? Was there something you admired about any class member? What did they do?

- What is one short goal you would like to make for yourself for the next class?

Teacher use only - What needs to be submitted for assessment?

Learners digitally submit a written response (250 words maximum) or record (maximum one minute) journal entry as a response to a dance class.
