

Outdoor Leadership Guide to New TASC Course

The new *Outdoor Leadership* Level 3 course will replace the current course – *Outdoor Leadership* Level 3 (EXP315113) in 2018.

This course has been developed to enable learners' ability to interact effectively with others and increase their aptitude for leadership within the context of outdoor activities.

It may provide a pathway for learners wishing to move into areas of employment where there is a requirement for people managers and team workers, particularly those working outdoors and/or where leadership, responsibility, decision-making and resourcefulness are crucial, such as: The Defence Forces; Police; Ambulance and Fire Departments; the Antarctic Division, and Adventure Tourism.

Outdoor Leadership may also provide a pathway to further study in related Certificate 2 or 3 VET courses and it also prepares learners who may wish to pursue tertiary qualifications in Outdoor Education.

WHAT IS SIMILAR?

Teachers will continue to:

- have flexibility to make decisions about the sequence of learning and any adjustments required based on the needs, interests and abilities of their students.

Learners will continue to:

- Study connected practical and theory components and concepts with a designed 1/3 practical time element.
- Participate in peer lead activities
- Plan, manage and lead their own outdoor adventure activity.

WHAT IS DIFFERENT?

- Update of learning outcomes, criteria and standards to meet current requirements and provide greater clarity
- Amended terminology (e.g. to become Units and Modules) for consistency across HPE courses
- Alignment of terminology to Australian Curriculum - 9/10 Health and Physical Education v8.2.
- Work requirements are clearly defined - inclusion of minimum work requirements and example products.

HOW DOES THE COURSE CATER FOR ALL STUDENTS?

- This course complements other HPE courses
- This course is inclusive of diverse learning needs
- There is provision for flexible alternatives for demonstrating evidence and applied skills

WHAT SUPPORT IS PROVIDED?

- A teaching and learning supplement designed to support teachers who are new or returning to teaching this course
- Professional Learning to support course implementation
- Advice on programming (example scope and sequence documentation).
