Planned Program of Learning Years 9-12

The definition of a Planned Program of Learning:

A Planned Program of Learning in years 9-12 comprises:

- Required and Complementary Learning Programs in years 9 and 10; and
- Approved Learning Programs in years 11 and 12.

All learners engage in a Planned Program of Learning through years 9-12.

Schools provide access to the components of a Planned Program of Learning.

Each education sector supports their schools in the implementation of these programs.
