This moderation meeting provided VET coordinators the opportunity to participate in the following sessions:

- LLN Robot system - facilitated by the VLCE unit
- Tasmanian Secondary Colleges RTO VET Staff Induction/Refresher Checklist - facilitated by EO
- Canvas - opportunity to further develop your VET Canvas room
- Resource Sharing and Development – participants needed electronic copies available and preparedness to work with VET coordinators delivering similar qualifications
- Assessment Task Revision and/or Development - participants needed electronic copies available and preparedness to work with VET coordinators delivering similar qualifications
- Validation of a Unit of Competence - must have student's assessed tasks to complete this validation process, along with electronic copies of UCS, UAM, assessment tasks and marking guides.

All coordinators chose to participate in the LLN Robot system - facilitated by Megan Gunn from the VLCE unit. Coordinators received an overview of the program and were able to add their site specific qualifications and units to the program. The meeting participants only just fitted into the allocated space. For the September meeting, a request will be made for those VET Coordinators not involved in an afternoon meeting to change times to even up the am and pm sessions. All participants were given a certificate of participation to record in

their VET Staff Competence Records.

Sharing Resources

Please record any links to or details of resources that were shared, or describe any assessment strategies that were discussed.

The TSC RTO has a QMS, to which all VET Coordinators have access.
